

JOINT PURCHASE INTERLOCAL AGREEMENT

Pursuant to Chapter 39.34 of the Revised Code of Washington, the below named public agencies hereby agree to enter into a cooperative purchasing agreement:

The purpose of the agreement is to allow the parties hereto to share in the purchasing power of each other, provided such purchasing is otherwise authorized by law. It is further the purpose to allow the parties to purchase materials and equipment jointly when such purchase is in the best interest of the parties involved.

This purchasing agreement shall be governed by the following terms and conditions:

1. Duration - The agreement shall become effective upon the date of the final signature hereof, and shall remain in full force and effect until cancelled by mutual agreement of the parties hereof. Provided, however, that an individual party may by written notice to the other parties, giving ten (10) days notice, withdraw from this agreement.
2. Joint Administrative Board - There is not hereby created any separate legal or administrative entity as might be provided by reference in R.C.W. Chapter 39.34. There is created hereby a joint board responsible for the administration of this cooperative purchase agreement. Such board shall consist of the Fire Chiefs of the respective jurisdictions enumerated below.
3. Future Participation - It is agreed to by the participating parties that future participation by additional entities shall be subject to approval by the Joint Administrative Board. The governing bodies of the participating entities hereby delegate this approval authority to their respective representatives.
4. Each party hereto may, while preparing requests for price quotation or calling for sealed bids in accordance with law including R.C.W. 52.14.110, include stipulations requiring the eventual supplier or successful bidder to supply additional quantities of like material or goods or furnish additional like services to any other parties to this agreement, as allowed by R.C.W. 39.34. Each party hereto shall make any price quotations or bids received available for review by other participating departments and/or districts upon request.
5. The parties to this agreement as a whole or any combination thereof may purchase materials and equipment jointly, provided that the acquiring, holding and disposing of real and personal property used will be established in writing by the Joint Board prior to purchase of said material and/or equipment.
6. The parties hereto abide by all Federal and State laws and regulations regarding equal opportunity.

RECOMMENDATION:

Council authorize the Mayor to sign an agreement with other Tri-City area Fire Districts and Cities to continue participation in the Joint Purchase Inter-Local Agreement.

MOTION:

I move that the Mayor be authorized to sign an agreement with other area Fire Districts and Cities for participation in the amended Joint Purchase Inter-Local Agreement.

HISTORY:

For over ten years, the Kennewick Fire Department and other area fire departments have enjoyed a Joint Purchase Inter-Local Agreement to assist each other in the purchase of fire service related materials. This Joint Purchase Agreement allows the parties to share in the purchasing power of other agencies, and to purchase materials and equipment jointly when such purchase is in the best interest of the parties involved.

The Agreement being proposed is an update of the original Agreement, adding the City of Walla Walla, and adding language to make it possible for future participants to join without having to go back to governing bodies for approval.

ALTERNATIVES:

Not sign the Agreement.

FISCAL IMPACT:

No direct fiscal impact.

The changes are:

1. Adding the City of Walla Walla on the signature page;
2. A new paragraph (item #3) adding language making it possible for future participants to join without having to go back to our governing bodies for approval each time.
