Toyota of Tri-Cities Playground of Dreams Groundbreaking

WHAT: Press conference

WHEN: Monday, April 22nd at noon

WHERE: Columbia Park Gazebo nearest the Playground of Dreams

WHY:

- Capture photos and b-roll of the second phase groundbreaking, site preparation and new toys to be installed
- Get the details on construction timeline and inclusive design
- Find out what it will take to complete the playground and how to donate

Please join Toyota of Tri-Cities for the groundbreaking of the second phase of the Toyota of Tri-Cities Playground of Dreams, which will more than double the size of the partial structure constructed last year.

Mayor Don Britain, Toyota of Tri-Cities officials, and Parks and Recreation Commission Chair Ken Hahn will provide an update on the \$1 million rebuild, what the community can expect to see from the inclusive design upon reopening later this spring, and a sneak peek at some of the new toys that will be installed.

In light of the groundbreaking and construction timeline, the fundraising luncheon and auction event scheduled for April 17th has been canceled. The fundraising status and opportunities to donate to the playground will be outlined at the press conference.
